UNLOCK THE POWER OF LEVERAGING

If you had \$100,000 you put to work for you earning 5% per year, you'd earn \$5,000 in interest in the first year. But what if you could take that same \$100,000 and eventually earn \$2,000,000 instead? Even at 2%, your \$100,000 would generate \$40,000 in a single year!
